

### **Wash your Fins!, Dully&Dax, Germany**

“A musical cartoon makes washing hands more fun -worldwide. Over the past few weeks our children have learned that they need to wash their hands for 30 seconds – as long as it takes to sing 'Happy Birthday' twice. We believe: this can be done with much more creativity and fun! That's why we wrote a brand-new hand-washing-song and added a cartoon with a timer: Wash your fins! Then we asked musicians all over the world to sing their very own version of the song, so that we all wouldn't get bored at the sink so quickly. Within a very short time we received contributions from various countries, so that the song is out now in English, Spanish, Italian, French, Turkish, Swedish and Portuguese. Even celebrities known from children's television took part in "Wash your fins!", such as Guido Hammesfahr, the "Fritz Fuchs" from "Löwenzahn". The songwriter Fee Badenius and the cabaret artist Matthias Reuter and the musician STOPPOK even wrote completely new songs for „Wash your-fins“.

All over the world, musicians, artists and children are singing for clean fins. Join this fun charity project! We believe the more the merrier!

Artistically Versatile: Cover Versions and new songs
